SUMMARY

I am a data professional with global certifications (IBM Data Science, PMP) and practical experience in developing and implementing innovative projects. Possesses advanced skills in data analysis, data visualization, and Python programming. Proficient in using tools such as Pandas and Matplotlib, with a deep understanding of data science methodologies. Contributed to delivering effective solutions and practical projects showcased on GitHub. I aspire to continuous development and keep pace with the challenges of the field of data science.

SKILLS & ABILITIES

- Data generation
- Generative Ai
- Clustering
- GitHub
- Python Programming
- Data Science
- Python (Programming Language)
- Jupiter notebooks
- Relational Database Management System (RDBMS)
- Cloud Databases
- Predictive modeling
- Data visualization
- Stakeholder Management
- Business Writing
- Project Management
- SciPy and scikit-learn
- classification
- K-Means Clustering
- Regression
- Machine Learning
- Data Science Methodology
- Querying databases
- Power Bi

EDUCATION

2013_2016

Bachelor of Faculty of Law-Beni-Suef University

➤ **LICENSES & CERTIFICATIONS**

➤ **January 2025 IBM Data Science**

- **What is Data Science**
- **Tools for Data Science**
- **Data Science Methodology**
- **Python for Data Science, AI & Development**
- **Databases and SQL for Data Science with Python**
- **Data Analysis with Python**
- **Data visualizations with Python**
- **Machine Learning with Python**
- **Applied Data Science Capstone**
- **Generative AI Elevate Your Data Science Career**
- **Data Scientist Career Guide and Interview Preparation**

➤ **Feb 2025 PMP Google project management**

- **Foundations of project management**
- **Project initiation starting a successful project**
- **Project planning putting it all together**
- **Project execution running the project**
- **Agile project management**
- **Capstone applying project management in the real world**
-
